LEADERSHIP VALUES & BEHAVIORS

SLS's programs are validated and delivered by students. Board, staff, and advisors are committed to the training and support of student leaders.

CREDIBLE

SLS is strongest when it reflects the overall student body. SLS leaders actively solicit participation from all peer groups.

INCLUSIVE

HONORABLE

One's actions speak louder than words. Do the right thing — even when no one is watching.

ACCOUNTABLE

My action or inaction directly impacts SLS's success. We hold the Board, our staff, our advisors, and students accountable for delivering quality results on time.

RESPECTFUL

Everyone's ideas deserve thoughtful consideration. We are considerate of everyone we encounter in our daily lives.

LEARNING

Through research and training we can make better decisions and improve our lives. Every day is a journey; we will take away learnings from both our failures and successes.
