

THE STAFF OF STUDENT LEADERSHIP SERVICES

Pamela Voss-Page
M. ED.

"The 'magic' happens when we capture the passion of youth and give it a focus and direction to create change. The change first happens in the youth themselves. Then they become able to share their knowledge and skills with someone else. Finally, the 'magic' spreads to the chapter, the school, and the community."

"Student Leadership Services creates a safe culture where students can express themselves and are accepted for who they are. Everyone belongs with no judgement. Students come to SLS because they get to do what they love to do."

- Program Director
Student Leadership Services
(with James Malone, Co-op and SAB Alumnus)

Kudzai Mashinya

"The SLS process is like the life cycle of a flower. We provide a safe and conducive environment for the seeds (the students) to build trust, be themselves, and feel understood. This "safe space" allows them to germinate and grow into assertive, responsible, and confident leaders among their peers. The students then reproduce as they spread their wings and build more effective leaders in society! That is priceless!"

"SLS offers an innovative style of prevention programming. The students lead and support each other with the kind of intrinsic motivation that comes with taking personal responsibility. Our organization helps each student build on individual strengths, skills, and dreams, empowering them to do great things and ultimately save lives."
