

Student Leadership Services, Inc.

(SLS) is a non-profit corporation founded in Michigan in 1982 to provide youth-led health and safety programs based on youth development, drug prevention principles, and youth leadership practices in an integrated and comprehensive approach. The SLS guiding principle is that youth have a great capacity for influencing their peers in positive ways. Youth education, peer support, fun, leadership, safety skills and life skills are the focus of SLS Chapter activities.

“SLS is a safe haven for students who want to make a change. In SLS my voice matters. SLS is a place where you can share your feelings or concerns, and someone listens... I understand the problems my friends face and I can do something about it. I can make a change.”
Matt Stocker, SAB 2012-2014
